

Mobile-Catch®

The Link of Mobile Device & Life

Hawk Sport

Super Portable

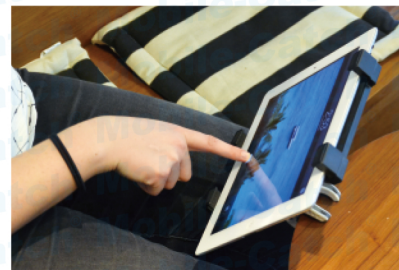

Small & Light

Quickly Connected

Catch Everywhere

Whether you're cycling to work, just out for fitness and fresh air, or a hardcore cyclist doing a tour of Europe; the lightweight and easily mounted Hawk Sport is the smartphone mount for you.

Interlocking fingers clamp firmly onto any size bike frame, handle bars or seat mount, without need for layers of packing. The 4x connection ensures a secure link even in unstable conditions, and 360° rotation with no risk of accidental release.

The extendable sport phone sheath provides a secure hold for almost any size smartphone, with two rubber coated arms plus a retractable bottom support. And for more extreme sporting activities an optional accessory, the rubber extreme sports band, can provide additional four corner support.

And it's not just for cycling - Hawk Sport can be used anywhere; scooters, motorbikes, wheelchairs and mobility scooters, shopping trolleys, at your desk, on the train, golf carts – any flat, round or uneven surface.

Want all the convenience of an everywhere mount, but for your tablet? The Hawk Edition 4x connection clamp can also be used with an extendable tablet sheath for super convenient mounting.

Product Specification

Clamp Opening	0~46mm
